

Reviews investigate potential safety violations or complaints or respond to a motor carrier's request to change their safety rating. This module gives data for five fiscal or calendar years of reviews conducted on motor carriers that transport property or passengers in interstate or intrastate commerce. Through education, greater safety regulation awareness, and the enforcement effects of reviews, motor carriers will improve the safety of their commercial vehicle operations and reduce their involvement in crashes.

The reviews accounted for in this report are federal or state reviews that have been processed at the state level and entered into the Federal Motor Carrier Safety Administration's Motor Carrier Management Information System (MCMIS). The reported review activities are based on the review date (the date the review was conducted) as opposed to the date a safety rating might have been issued.

Data Source: FMCSA's Motor Carrier Management Information System (MCMIS) data snapshot as of 6/25/2021.
The data presented above are accurate as of this date, but are subject to updates as new or additional information may be reported to MCMIS following the snapshot date.
