

Hazardous Materials (HM) - Reviews

Hazardous Material reviews are conducted to investigate potential safety violations or complaints or to respond to a carrier's request for a change in safety rating. This module gives data for five fiscal or calendar years of reviews conducted on motor carriers that transport hazardous materials in interstate or intrastate commerce.

Through education, greater safety regulation awareness, and the enforcement effects of reviews, motor carriers will improve the safety of their commercial vehicle operations and reduce their involvement in crashes.

For information regarding FMCSA's HM goals, regulations, permits, training, or security, please visit FMCSA's HM site at: <http://www.fmcsa.dot.gov/safety-security/hazmat/hm-theme.htm>

Summary of HM Reviews by Type in Delaware

HM Review Type (Delaware)	FY 2022			
	Fed	State	Total	Pct
Total Reviews	3	0	3	100%
Onsite Comprehensive	0	0	0	0.00%

Total Terminal Investigations	0	1	1	100%

The reviews accounted for in this report are federal or state reviews that have been processed at the state level and entered into the Federal Motor Carrier Safety Administration's Motor Carrier Management Information System (MCMIS). The reported review activities are based on the review date (the date the review was conducted) as opposed to the date a safety rating might have been issued.

Data Source: FMCSA's Motor Carrier Management Information System (MCMIS) data snapshot as of 5/26/2023.

The data presented above are accurate as of this date, but are subject to updates as new or additional information may be reported to MCMIS following the snapshot date.
