

## Traffic Enforcements by Fleet Size

This report presents a breakdown of traffic enforcement inspection activity by carrier fleet-size for the selected year. The size categories (very small, small, medium, and large) are based on the number of power units operated by the carrier. An additional column, "unknown" is used to categorize those inspections performed on carriers with an unknown or unreported fleet size. The power unit data come from the Motor Carrier Management Information System (MCMIS) census data. The report can be filtered by fiscal or calendar years, carrier domicile, vehicle type, and violation type. Clicking on any column heading will sort the report by the selected column. By default, it displays the number of traffic enforcement inspections conducted on carriers categorized by their fleet-size for the last 5 calendar years.

June 2020 – FMCSA has changed the way traffic enforcement inspections are counted. The methodology now includes violations in two [SMS BASICS](#), some additional speeding violations not found in SMS, and inspection records flagged as traffic enforcements by the officer.

## Filter Options

Filter	Description
Domicile	Carrier domicile is determined at the time of the event. 1) <b>All domiciles</b> : Carriers domiciled in the United States, Mexico, and Canada. 2) <b>United States</b> : Carriers domiciled in the United States. 3) <b>Mexico</b> : Carriers domiciled in Mexico. 4) <b>Canada</b> : Carriers domiciled in Canada.
Vehicle Type	By default, the filter will be set to 'All Vehicles'. You can select one of the 8 following options in this filter: 1) All Vehicles 2) All Trucks 3) All Passengers 4) Bus 5) Motorcoach 6) Limousine 7) School Bus 8) Van
Report Focus	1) National is a summary of all States' data and the U.S. territories.  2) Service Center is the region in which the carrier is located.  3) All States includes all States and the U.S. territories.  4) State includes one State's data.  5) Territory includes one Territory's data.
Time Period	Fiscal or Calendar year(s) when events occurred.

## Column/Row Descriptions

Column Name	Description
Very small (1-6 Power Units)	The number of traffic enforcement inspections conducted on motor carriers with one to six power units.
Small (7-20 Power Units)	The number of traffic enforcement inspections conducted on motor carriers with seven to twenty power units.
Medium (21-100 Power Units)	The number of traffic enforcement inspections conducted on motor carriers with twenty-one to one hundred power units.
Large (> 100 Power Units)	The number of traffic enforcement inspections conducted on motor carriers with more than one hundred power units.
Unknown	The number of traffic enforcement inspections conducted on motor carriers with an unknown number of power units.

The traffic enforcement program is based on state or local traffic enforcement violations noted in conjunction with a roadside inspection.
