

Traffic Enforcements by Weight (GCWR)

This report presents a breakdown of traffic enforcement inspection activity by vehicle Gross Combined Weight Rating (GCWR) for the selected year. The report can be filtered by fiscal or calendar years, carrier domicile, vehicle type, and violation type. Clicking on any column heading will sort the report by the selected column. By default, it displays the number of traffic enforcement inspections per weight category for the last 5 calendar years.

June 2020 – FMCSA has changed the way traffic enforcement inspections are counted. The methodology now includes violations in two [SMS BASICS](#), some additional speeding violations not found in SMS, and inspection records flagged as traffic enforcements by the officer.
